Nurarys Baibolat

has successfully completed the online Specialization

AZ-800: Windows Server Hybrid Core Administration

Congratulations on completing AZ-800: Windows Server Hybrid Core Administration! This learner has demonstrated strong technical proficiency in managing and deploying hybrid Windows Server environments. With hands-on experience across Active Directory, Azure AD, identity synchronization, hybrid networking, and automation using PowerShell and Azure tools, they are equipped to build and manage secure, scalable infrastructure solutions in enterprise-grade settings.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
